Other "Solutions"

1

Lifelong medication that **only suppresses your symptoms** temporarily but **does not solve the root cause**. Comes with **side affects & long terms issues** of synthetic medication use. Sometimes even **meaningless surgery** is suggested.

Root Cause

1

Toxins accumulate at a **cellular level** in your gut over time causing gut **imbalance, sensitivity** & making your **gut function inefficiently**.

2

This **inefficient functioning** shows up as **acidity, acid reflux, gerd, gastric, bloating, constipation, IBS, indigestion, weight loss/gain etc...**

3

This causes **gut damage** such as **excess acids** causes **erosions** leading to **burning**, while **gas & constipation** causes **erosions on the stomach & intestines** causing **sharp pain**.

Our Solution

1

We Detox your gut at a cellular level, flushing out all toxins that is at the root of 98% of all gut issues.

2

We Heal the damage that these issues have caused by relining & nourishing your gut, healing the erosions.

3

We Strengthening your gut by using the right enzymes & microbes to ensure efficient functioning & boosting immunity.

FAQ's

How does the food not spoil?

- The kit preserves itself the same way as pickles preserve themselves. They have their natural ingredients that keep it shelf stable for 30-45 days. Also each kit is freshly made & customized for you & hence will be only 1 day or 2 old when it arrives.

Is it the same plan for everyone?

- Not at all, each plan & kit is fully customized based on your in depth consultation with your doctors, your lifestyle, conditions, allergies, intolerances etc. to make it perfectly suited to heal you & your condition.

Do I Have To Be At Home?

- This program is engineered for a working professional. Needs just 1 hour a day fully online.
- Travelling within the city say for office or leisure is not an issue at all but travelling across cities can be a bit inconvenient.
